

## BAVARIA

### German / Bavarian Folk Dances on Stilts

It is really fun and very entertaining when two or three handsome couples on stilts, dressed in bavarian folk clothes - leather trousers and dirndls, stroll along through the audience. They perform traditional folk dances in an extraordinary, spectacular way!

Every now and then they stopp and start amusing little games with the audience, especially with the children.

With the support of a gifted accordionist, these professional stilts artists are perfect ambassadors for a traditional and modern Germany!
